

Project Spotlight

Hall County was the first county in the GMRC Region to be submitted as part of GDOT's MAP 21 (Moving Ahead for Progress in the 21st Century) project. For the entire county and city maintained road system, the following items were validated: ownership, median type, one-way and reversible lanes, number of lanes and surface type. For these same roads, traffic control devices (stop signs, flashers, traffic lights, yield signs) were captured and validated.

Investments in Hall County July 2013—June 2018

ECONOMIC DEVELOPMENT

Prepared and obtained \$5,200,000 in federal and/or state grant funding for the county and/or the cities for community and economic development initiatives.
