

The GMRC Revolving Loan Fund Program currently has 2.1 million invested in the economic sustainability and growth of small business in North Georgia. Those investments have translated into 552 private sector jobs being retained or created and over \$2 million in private investment. That translates into only \$12,166 per job, or approximately 1.55 jobs for every \$15,000 loaned. By comparison, EDA stipulates that RLFs shall spend no more than \$15,000 per single job created or retained.
